

BABY BACKPACK EMERGENCY KIT

Combine a kit for the infant in the family

An **Infant Emergency Kit** is an essential in your preparedness. Dealing with a disaster is serious enough without the extra stress of being unable to care for your baby, or even the babies of others. Put together a kit in one shopping trip for necessary infant needs.

During emergencies there are disruptions to -

- clean water for drinking & cleaning
- safe food (contamination & scarcity)
- human waste (use & disposal)
- health care & medications
- transportation & infrastructures
- environmental toxins (exposure)
